1. Overview of Operating Results

(1) Explanation of Operating Results for the First Quarter

MANI Group aims to contribute to the well-being of people around the world by providing our products worldwide, based on our commitment “The Best Quality in the World, to the World.” To achieve further growth, we have started our medium-term management plan from the fiscal year ended August 31, 2022, and are engaged in realizing our corporate philosophy and evolve to “a true global company” by dramatically evolving and transforming our platforms in sales, production, and development functions.

The following is a summary of major initiatives during the first quarter of the fiscal year ending August 31, 2025.

Business Operations under a New Organizational Structure

A new management team led by Masaya Watanabe, President and Representative Executive Officer, has begun business operations. Please refer to the material scheduled to be released on January 9, 2025 for our progress of the medium-term management plan announced on April 8, 2021 and future management policies.

Established sales subsidiary MANI MEDICAL AMERICA, INC. in California, United States

To expand our business globally, we established a new sales subsidiary, MANI MEDICAL AMERICA, INC., in September 2024, and commenced sales activities. We will promote regional-oriented sales activities in medical advanced countries and expand our business in the North American market.

Launch of the new NiTi Rotary File “JIZAI 020 04”

In September 2024, we launched “JIZAI 020 04,” which is a new addition to the “JIZAI”¹ series, a series of NiTi rotary files for dental root canal treatment and is designated as a key development product to be developed in the medium-term management plan. “JIZAI 020 04” is an intermediate sized file that has been particularly requested by many dentists, and we have developed this file to encourage more dentists to use “JIZAI.” Going forward, we will expand our product lineup of NiTi rotary files to accommodate a range of root canal treatments and expand the scope of treatments available with our products.

The Smart Factory

The Smart Factory, which began construction in Japan in October 2023, is scheduled to be completed at the end of January 2025. During the first quarter of the fiscal year ending August 31, 2025, we have been preparing to build a mass production system for ophthalmic knives, which are used in cataract surgery, and “JIZAI,” the NiTi rotary file. The mass production line is scheduled to start operation from 2026.

Operating Results for the First Quarter of the Fiscal Year Ending August 31, 2025

Net sales were ¥7,655 million (up 7.6% year on year), mainly due to strong sales of Surgical products in Europe and an increase in sales of Eyeless Needle products in Asia, particularly in China, despite a decrease in sales of Dental products in China. The cost of sales was ¥2,653 million (down 0.5% year on year), and the selling, general and administrative expenses were ¥2,893 million (up 30.1% year on year) due to the posting of bonuses associated with the results of the previous fiscal year and an increase in personnel costs. As a result, operating income was ¥2,107 million (down 5.2% year on year). Though ordinary income was ¥2,298 million (down 2.2% year on year), profit attributable to owners of parent was ¥1,598 million (up 1.6% year on year) due to a decrease in income taxes-deferred.

The following is an overview of financial results by segment. Segment sales figures are those from external customers.

	Net sales		Segment income (Operating income)	
	Millions of yen	Year on year	Millions of yen	Year on year
Surgical products	2,442	25.5%	838	28.8%
Eyeless Needle products	2,844	12.9%	1,046	8.2%
Dental products	2,368	(10.6%)	222	(63.2%)
Consolidated total	7,655	7.6%	2,107	(5.2%)

(Surgical products)

The segment sales were ¥2,442 million (up 25.5% year on year) and segment income was ¥838 million (up 28.8% year on year). Segment sales and income have increased due to an increase in demand for ophthalmic knives, which are used in cataract surgery, mainly in Europe and Asia, particularly in China from the same period of the previous fiscal year.

(Eyeless Needle products)

The segment sales were ¥2,844 million (up 12.9% year on year) and segment income was ¥1,046 million (up 8.2% year on year). Segment sales and income have increased from the same period of the previous fiscal year, mainly due to an increase in sales in Asia, particularly in China.

(Dental products)

The segment sales were ¥2,368 million (down 10.6% year on year), and segment income was ¥222 million (down 63.2% year on year). Sales declined due to the deterioration in the dental market caused by the stagnant Chinese economy, the impact of the voluntary recall of dental rotary and cutting instruments (dia-burs), and changes in procedures in dental root canal treatment. Segment income has decreased due to a decrease in net sales and an increase in selling, general and administrative expenses, including personnel expenses.

※Reference: Exchange rates

	Previous consolidated accounting period (Year ended August 31, 2024)				Current consolidated accounting period (Year ending August 31, 2025)

(2) Explanation of Financial Position for the First Quarter**Financial position**

(Millions of yen)

	As of August 31, 2024	As of November 30, 2024	Change
Total assets	57,177	57,334	157
Current assets	31,942	32,122	179
Non-current assets	25,235	25,212	(22)
Liabilities	4,846	4,989	142
Net assets	52,330	52,345	14

Total assets as of the end of the first quarter (November 30, 2024) stood at ¥57,334 million, an increase of ¥157 million from the end of the previous consolidated accounting period. This was primarily due to an increase of ¥179 million in current assets (mainly an increase in inventories).

Total liabilities as of the end of the first quarter (November 30, 2024) stood at ¥4,989 million, an increase of ¥142 million from the end of the previous consolidated accounting period. This was primarily due to an increase in current liabilities such as accrued expenses and accounts payable, despite a decrease in income taxes payable.

Total net assets as of the end of the first quarter (November 30, 2024) stood at ¥52,345 million, an increase of ¥14 million from the end of the previous consolidated accounting period. This was primarily due to an increase of ¥1,598 million in retained earnings resulting from the recording of profit attributable to owners of parent and an increase in foreign currency translation adjustments, despite a decrease in retained earnings due to the payment of cash dividends of ¥2,265 million.

(3) Explanation of Future Forecast Information including Consolidated Business Results Forecasts

Results for the first quarter of the fiscal year ending August 31, 2025, are as stated in "(1) Explanation of Operating Results for the First Quarter." The consolidated earnings forecast for the full fiscal year remains unchanged from the figures announced in the "Summary of Consolidated Financial Results for the Fiscal Year Ended August 31, 2024" on October 7, 2024.
